ABOUT ME

I have been volunteering since I was in Secondary School. I've worked with a number of organisations for a variety of different causes – predominantly in the areas of child welfare and environmental activism. I'm passionate about these areas and if there's anything you need help with I would love to be contacted!

I live in Christchurch and work 4 days a week but I'm open to helping out on my spare day (usually Fridays) but this can be flexible if I give some notice.

In the future I'm hoping to work with some early childhood education centres and schools to build my skill set!

VOLUNTEER HISTORY

23hrs

August, 2015

PLAY GROUP COORDINATOR

As a Play Group Coordinator, you are required to coordinate a group of like-minded parents to build a supportive network of families. The Play Group will be held weekly and each session will focus on different learning and development goals, as included in the Plunket Guide for Early Childhood Play Groups.

Organisation

Plunket Society

Skills

Leadership, Communication, Working with children, Children's welfare, Family support

15hrs

April, 2015

RESEARCH ASSISTANT

Our Research Assistant is required to help our lead researchers identify societal issues for children across New Zealand. We'll need you to read through government and tertiary studies and assist in on field research across a number of Early Childhood Learning Centres and Parents Groups.

Organisation

Plunket Society

Skills

Leadership, Communication, Working with children, Children's welfare, Family support

Testimonial

"Kate is a fantastic research assistant and never fails to amaze us with her efforts. She is a dedicated volunteer and continues to put in many hours each week in helping us give back to the community." — Caroline Johnson, Volunteer Manager

10hrs

March, 2015

ECO FUNDRAISER

The Environment and Conservation Organisation requires New Zealand's most enthusiastic fundraisers to collect money on World Environment Day. Each team member will be allocated a section of the Christchurch Botanic Gardens to tackle.
